3 patients said they would be “extremely likely” to recommend us

Comments

GP's very available

Always treated with patience

Excellent service

Prompt appointments

Lovely GPs and Nurses

I have been with this practice for over 40 years and cannot speak to highly of their care

The receptionists are always very helpful

Doctors are caring and kind

Why does the surgery close for half a day on a Wednesday?

Could you consider seating outside for patients being picked up from the Practice?
